

Thematic Analysis Report 2: Human Disease Mentions

This report lists every poster and the exact disease wording that appears in the raw OCR text. Posters with no explicit human disease mention are included as well.

Broader disease-state categories overlap, so a poster can appear in more than one category.

1) Poster-to-disease table

Poster	Human disease wording found in the text	Broad disease-state category
Avetisyan et al. (2023) - CCC SP23.txt	autism; Autism Spectrum Disorder (ASD)	Neurodevelopmental / neurodegenerative disorders
Berbouti et al. (2025) - CCC FA25.txt	No human disease explicitly named	—
Brown et al. (2025) - CCC SP25.txt	acid reflux	Metabolic / digestive / energy disorders
Cabral et al. (2025) - CCC FA25.txt	Rett syndrome; neurodevelopmental disorders	Neurodevelopmental / neurodegenerative disorders; Genetic / inherited syndromes
Camara et al. (2025) - LU SP25.txt	diabetes; Alzheimer's	Metabolic / digestive / energy disorders; Neurodevelopmental / neurodegenerative disorders
Dehuelbes et al. (2025) - LU SP5.txt	metabolic disorders; obesity; metabolic syndrome; fatty acid oxidation disorders	Metabolic / digestive / energy disorders
Diaz et al. (2025) - CCC SP25.txt	No human disease explicitly named	—
Ford et al. (2023) - CCC SP23.txt	No human disease explicitly named	—
Gill & Alcazar (2025) - CCC FA25.txt	No human disease explicitly named	—
Godoy-Pena et al. (2025) - CCC FA25.txt	No human disease explicitly named	—
Haubelt & Alcazar et al. (2025) - CCC FA25.txt	Parkinson's Disease	Neurodevelopmental / neurodegenerative disorders
Henriquez et al. (2025) - COD WI24.txt	No human disease explicitly named	—
Holmes (2025) - CCC SP25.txt	Parkinson's	Neurodevelopmental / neurodegenerative disorders
Lemus et al. (2025) - FA25 CCC.txt	metabolic disorders	Metabolic / digestive / energy disorders
Logan et al. (2025) - CCC FA25.txt	cardiovascular disorders; hypertension; obesity	Cardiovascular disorders; Metabolic / digestive / energy disorders
Luera et al. (2025) - CCC FA25.txt	No human disease explicitly named	—
Meraz et al. (2023) - CCC SP23.txt	No human disease explicitly named	—
Nii et al. (2025) - CCC FA25.txt	No human disease explicitly named	—
Otala et al. (2025) - LU SP25.txt	MCADD; Carnitine transporter deficiency; hypoglycemia; liver dysfunction; muscle weakness	Metabolic / digestive / energy disorders; Genetic / inherited syndromes

Poster	Human disease wording found in the text	Broad disease-state category
Paderna et al. (2025) - CCC SP25.txt	oculocutaneous albinism type 4	Pigmentation / dermatologic disorders; Genetic / inherited syndromes
Paramo-Ojeda et al. (2025) - CCC SP25.txt	colon cancer; human cancers	Cancer / neoplasia
Pedireddi et al. (2025) - CCC SP25.txt	No human disease explicitly named	—
Rodriguez (2025) - CCC SP25.txt	galactosemia	Metabolic / digestive / energy disorders; Genetic / inherited syndromes
Sakana et al. (2025) - CCC SP25.txt	No human disease explicitly named	—
Trevino et al. (2022) - CCC SP22.txt	Zellweger Spectrum Disorder (ZSD)	Metabolic / digestive / energy disorders; Genetic / inherited syndromes
Tuttle et al. (2025) - CCC SP25.txt	No human disease explicitly named	—
Zlaket et al. (2023) - CCC SP23.txt	Zellweger's Syndrome	Metabolic / digestive / energy disorders; Genetic / inherited syndromes

2) Broader disease-state analysis

Broad disease-state category	Posters	Count	Percent of all 27 posters
Metabolic / digestive / energy disorders	Brown et al. (2025) - CCC SP25.txt Camara et al. (2025) - LU SP25.txt Dehuelbes et al. (2025) - LU SP5.txt Lemus et al. (2025) - FA25 CCC.txt Logan et al. (2025) - CCC FA25.txt Ojala et al. (2025) - LU SP25.txt Rodriguez (2025) - CCC SP25.txt Trevino et al. (2022) - CCC SP22.txt Zlaket et al. (2023) - CCC SP23.txt	9	33.3%
Neurodevelopmental / neurodegenerative disorders	Avetisyan et al. (2023) - CCC SP23.txt Cabral et al. (2025) - CCC FA25.txt Camara et al. (2025) - LU SP25.txt Haubelt & Alcazar et al. (2025) - CCC FA25.txt Holmes (2025) - CCC SP25.txt	5	18.5%
Genetic / inherited syndromes	Cabral et al. (2025) - CCC FA25.txt Ojala et al. (2025) - LU SP25.txt Paderna et al. (2025) - CCC SP25.txt Rodriguez (2025) - CCC SP25.txt Trevino et al. (2022) - CCC SP22.txt Zlaket et al. (2023) - CCC SP23.txt	6	22.2%
Cardiovascular disorders	Logan et al. (2025) - CCC FA25.txt	1	3.7%
Cancer / neoplasia	Paramo-Ojeda et al. (2025) - CCC SP25.txt	1	3.7%
Pigmentation / dermatologic disorders	Paderna et al. (2025) - CCC SP25.txt	1	3.7%

15 of 27 posters explicitly named at least one human disease term in the raw text.
